# Core Beliefs

1

Family child care and family, friend, and neighbor care settings, whether licensed or license- exempt, are part of the fabric of a mixed delivery system for early care and education.

2

Strategies and the system components supporting home-based child care settings should be resourced on par with center- and school-based settings.

3

Strategies to work with providers in these family care settings should be responsive to their needs and intentional in their development to reflect the unique modality of care.

4

Family child care needs to be approached in a systemic way across all the various federal initiatives and private funding opportunities, in order to leverage these fully while also keeping a laser focus on best practice for FCC

# Defining the terms:

## Home-Based Child Care:

Is inclusive of wherever children are cared for in a home setting. Different states and communities refer to this in different ways:

- Family Child Care (FCC)
- Family, Friend, and Neighbor care (FFN)
- licensed, unlicensed
- registered, unregistered
- Etc....

## Who do we mean?

- Provider
- Educator
- Owner/Operator
- Practitioner
- Etc.....

## Let's Discuss

What HBCC business supports, for providers whose language is other than English, does your program offer?

# Word Cloud

What HBCC supports for providers whose language is other than English, does your program offer?

## Let's Discuss

What technology are you already using well? Why do you think this has been successful?

Let's  
Discuss

What barriers exist  
to either access or  
use?

Let's  
Discuss

How would you  
define digital  
literacy?

# In Review:

- How can technology be used to support HBCC businesses in multiple languages?
- How can technology be used to foster connections between educators and systems?
- How can your organization provide multi-lingual materials, resources, and supports?
  - Do you have the ability to provide the wrap around supports necessary for authentic engagement and long-term success?
